

Your one-stop heat pump!

We produce and supply heat!

We have our own heat pumps from stock. All appliances are registered at the German Federal Office of Economics and Export Control; they are equipped with the latest refrigerant and operate at a low noise level!

We will prepare a customised offer for your new heat pump within 48h!

Info@WiKa-Tec.es

or call us at +34-624-693-143

Our team will consult and support you, starting from the initial idea to the final heat pump installation. We will also continue to provide services using our technology for many years to come. All this is already included in all heat pumps thanks to their modern design.

About us

You can benefit from our reliable heat pumps and comprehensive service. To ensure this, we at WiKa Tec LLC employ qualified installers, as well as companies specialising in service technology, financing assistance and subsidy applications. This provides you with all the benefits from a single source and at a minimal cost.

Our products

We offer you all services around a sustainable heat supply:

- Old and new buildings, modernisation
- Purchasing, financing, or renting
- Support and submission of subsidy applications
- Maintenance service and a 5-year guarantee!
- Cost control in operation via electricity consumption
- Can be combined with photovoltaics/solar
